

Listening to Young Carers
A tool for those working with young carers and their families

This DVD has been made with The National Young Carers Forum for England, who came together to inform delivery of a training programme developed by The Children's Society in partnership with The Princess Royal Trust for Carers. Using guidance and standards written for the Department for Children, Schools and Families (DCSF), the training will assist local authorities in England to deliver Every

Child Matters outcomes to this vulnerable group, and to help ensure that young carers get a more responsive, whole family and needs-led service.

The DVD is divided into short chapter in which the young people talk about the common issues they face and the solutions that will help to improve their lives. It powerfully informs the viewer how it feels to be in their situation and is a useful tool for all agencies working with these families.

ORDER FORM:

Cost: £12.00 (including p&p)
